RECOMMENDED PERSONAL GEAR

We will pack in a max of 65 lbs. of gear per person
we suggest you bring:

- one large duffle bag (maximum length three feet) or two smaller duffle bags of equal size
- sleeping bag (up to -20°C)
- binoculars
- spotting scope & tripod (optional)
- camera and film
- rifle and ammunition
- day pack (preferably polar fleece)
- small flashlight with extra batteries
- knife
- two changes of clothes and extra socks
- thermal underwear (polypropylene, light- to mid-weight)
- warm coat
- hat and toque (sock hat)
- gloves
- rain gear
- waterproof hiking boots (broken in) and spare boots
- toiletries (including, pillow case and bath towel)
- alcoholic beverages, and mix (if desired)
- packboard (sheep hunters only)

WOOL OR POLAR FLEECE CLOTHING IS HIGHLY RECOMMENDED as it is warm, quiet, and resists water. Bright colours are not required or necessary. You should have clothing suitable for hot days and cold nights. Dressing in layers is wise so it is easy to adjust for temperature changes.

This list is not a complete list, but rather a summary of gear that should be included.

Please advise us if you have any **health problems** or **allergies** that we should be aware of.
